Dear Neighbors & Friends,

Since 1895 Exeter Hose Company has proudly served the needs of the community 24 hours a day, 7 days a week with 100% dedicated volunteers.

Do you know that the Emergency Responders at the Exeter Hose Company

- Respond to more than 800 emergency incidents per year
- Spend countless hours on Training and other Community events and activities.

As you can see, there is a lot of time, effort, and energy that goes into keeping you, our community members, safe. To do all of this requires significant funding for the purchase of equipment to keep the responders safe, as well as to perform their jobs at the incident scene. In addition to the equipment, firefighters require continuous training to help them be more efficient and knowledgeable when the time comes to provide our services to you.

Ever wonder where we are going when you hear the sirens? We are looking... for interested individuals like you to join our team. Volunteer today and enjoy the benefits and rewards of giving back to our Community. If you are interested in becoming a volunteer, please feel free to stop by the station.

Thank you for your continued support! We could not exist without your generous contributions.

If you are a first-time donor, thank you for supporting us!

The members of the Exeter Hose Company.
